

Mountain Shadows Halloween Parade 2021

Students will parade along the South and East sides of the building as shown below.

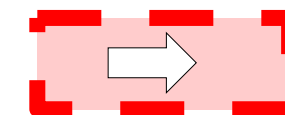

Families will be able to gather along both sides of the parade route.

Students will re-enter the building, and then be dismissed from their grade-level doors like normal.

After dismissal, families can pickup their students in the designated area at the Northwest corner of the school.

Due to COVID precautions, we ask that families do not enter the school building.

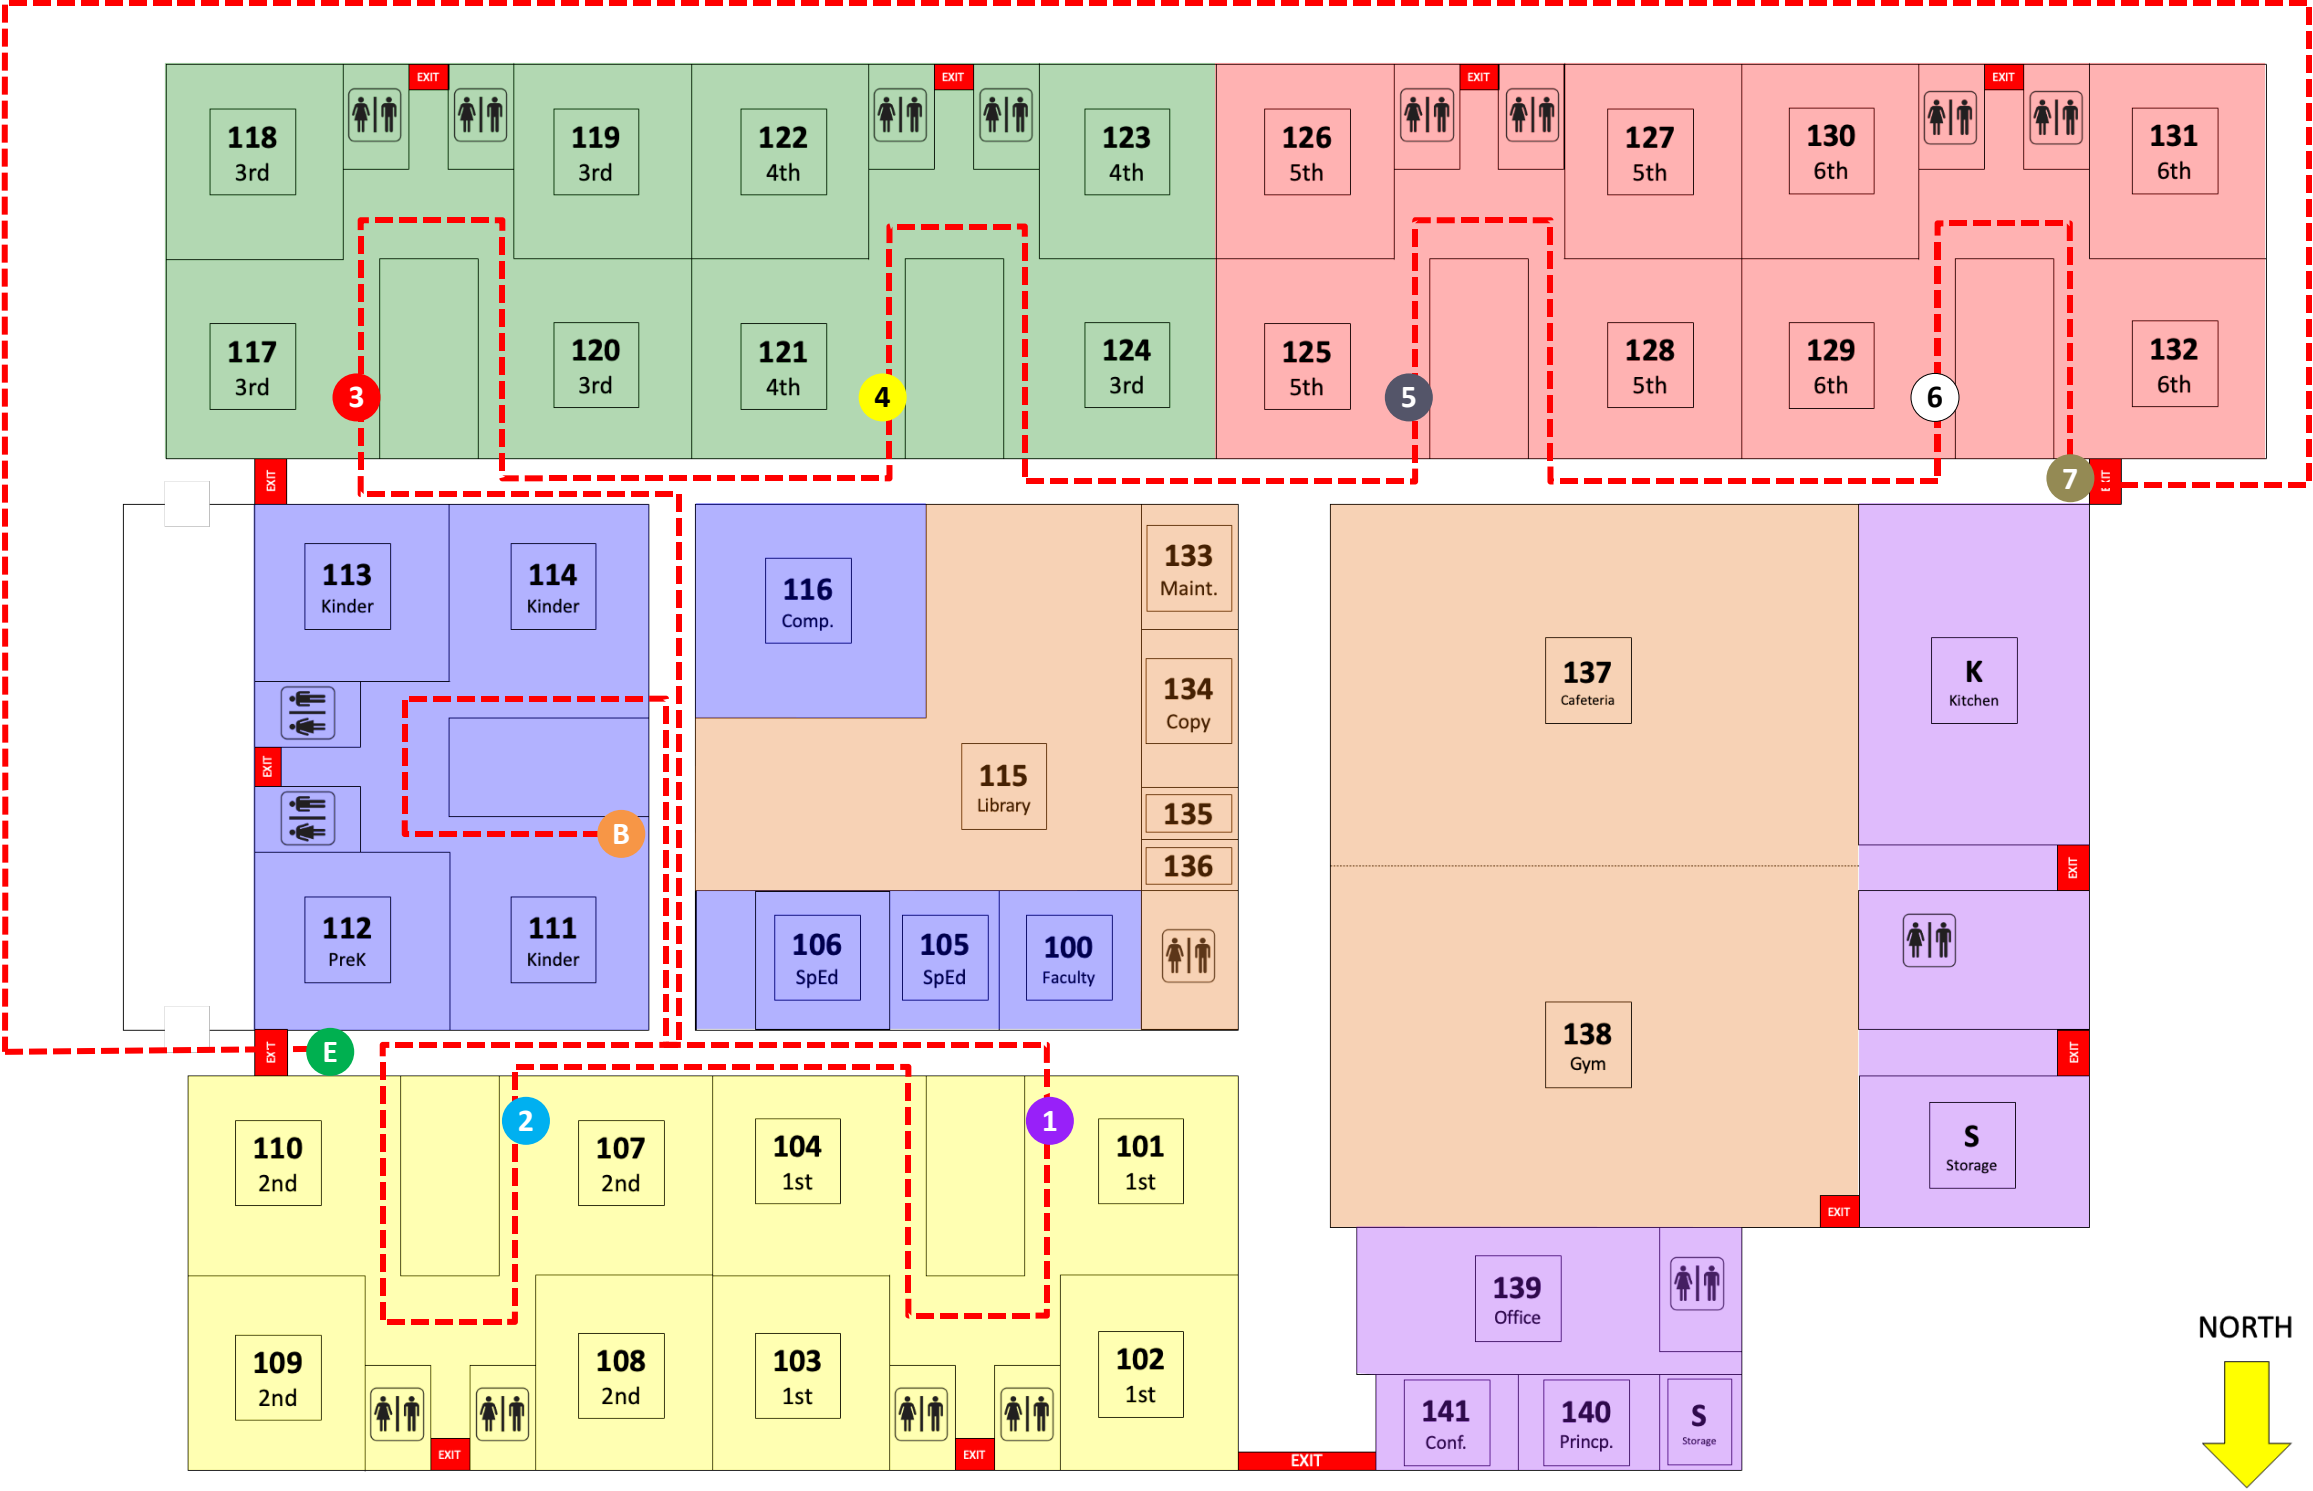

Thank you!
