November 8, 2023

Attendance:

FUN RUN:

Money Raised: \$2,648.80 + parents who ran donated

What worked well: weather was nice, kids had fun, Nathan singing, 6th grade did great doing it on the sidewalk, charms were loved

What should we tweak for next year: Companies that do everything! Different day of the week. Get more parents out to cheer the kids on.

SAFE WALKING ROUTES:

The accident a couple months ago with 2 kids that were killed is one of the reasons we need to change things for safety reasons

There are also kids and parents that keep J walking. Average daily is about 20 J walking.

One of these days something may happen.

Jennifer was saying we need to take this to the mayor and get something to happen.

We brainstormed: speedbumps, flashing red stop sign, hanging light, painted stop, make this a SCHOOL ZONE, paint the curb on the exit part of the parking lot,

We can't see when we leave the parking lot.

70th isn't a school zone - we need to get this changed.

Grizzly has hard visibility.

We requested trees were cut on Grizzly and Arberest last year.

Amy pointed out: PEOPLE ARE THE PROBLEM.

There are no consequences.

RISE DATA:

Looked over all the data from RISE between 2021-2022 and 2022-2023.

BTS:

Marinda asked if dance would continue next year!. The school is debating what they will be doing, but it might not be dance anymore. BTS could be drama, art or dance. BTS time is paid for by land trust and also to cover Second Step, music, assistants and chromebooks.

Jessica mentioned using rotation time as Physical Education standards since the teachers are no longer teaching PE. Physical Education are standards put forth by the state of Utah. It was suggested they try to embed them into recess, but Mr. Price would look into this.

Goal #1

Using Acadience ELA data, decrease the number of students scoring below and well below benchmark by 20% from the beginning of the year to the end of the year in grades K-3.

Goal #2

Students in grades 4 - 6 will make a 3% increase in ELA and a 5% increase in Math using RISE data from the 2022 - 2023 to the 2023 -2024 school year.

Decrease to 3% improvement compared to 5% last year for Language Arts for grades 4-6. Admin is confident we will hit 45% proficient in ELA - 45% is the state average & district is 44%
